

Golf Course Operational Guidelines during COVID-19 Social Distancing

The following guidelines are being put in to place to ensure the golf course is as safe as possible for staff and guests and to reinforce appropriate social distancing for all. Our mindset is to limit face to face interactions and close contact as much as possible while still providing exceptional service to our guests.

- **Pro Shop**

- A Plexiglas divider has been placed on the counters to separate staff and customers.
- Tee-times will be spaced out every 9-10 minutes throughout the day. For leagues, the spacing will be every 10 minutes.
- Golfers are encouraged to book and pay online for tee- times.
- Credit card transactions will be the preferred method of payment.
- Tape will be placed on the floor 6 feet apart for customers waiting in line.
- Rental clubs will not be available at this time.
- Hand sanitizer will be placed at entrance to pro shop.
- Signage is posted reminding customers to maintain spacing of 6 feet as well as providing additional tips and regulations.
- Staff will be trained in, and required to practice, safe hygiene and sanitation.
- Any staff member not feeling well will be required to stay home.

- **Golf Course & Carts**

- Scorecards and pencils will be removed from the on-course boxes.
- Ball washing stations will be removed from course.
- On course trash cans will be reduced.
- Bunker rakes will be removed from sand traps.
- Comfort station at Fox Creek will remain closed.
- Players will be directed to leave the pin in the cup at all times. A pool noodle will be placed in the cup to prevent the golf ball from dropping in the hole.
- Sand bottles will be removed from golf carts
- Golf cart usage is back to normal, i.e., two persons in one cart.
- After completion of round, golfers will be encouraged to personally dispose of any trash in nearby receptacle.
- Golf carts will be thoroughly sanitized after each use. Carts will also be sanitized at night, as well.
- Driving range stalls will be distanced to allow 6' of separation.
- Range balls will be cleaned with soap and water after every pick up prior to being made available to customers.
- In the event of inclement weather requiring golfers to be called off the course, golfers will be directed to head directly to their cars and not congregate in clubhouse.
